

IVF Possibility Plan

Access to the care you need.

The IVF Possibility Plan

In many cases, couples who want to have a baby are treated with in vitro fertilization (IVF). IVF is a process where eggs are retrieved from the woman and are combined with sperm in a laboratory. One or more embryos are then transferred to the woman's uterus. The Center for Advanced Reproductive Services (The Center) offers all of the services required for IVF as well as advanced procedures including intracytoplasmic sperm injection (ICSI), assisted hatching, and embryo cryopreservation.

During an IVF cycle, women are treated with medications to stimulate the development of multiple ovarian follicles to produce eggs for fertilization. The Center's medical team closely monitors this process using blood tests and ultrasounds. Mature eggs are retrieved using a surgical procedure with ultrasound. We then combine the retrieved eggs and sperm and transfer a limited number of embryos into the woman's uterus to achieve a pregnancy.

How the IVF Fresh Cycle Possibility Plan Works

The IVF Fresh Cycle Possibility Plan at The Center is open to all patients who do not have insurance coverage and qualify financially. The IVF Possibility Plan includes one price for all cycle monitoring for blood work and ultrasounds performed at The Center, IVF teaching class, egg retrieval, anesthesia for the egg retrieval, ICSI (if appropriate, on all eggs retrieved), Embryo Transfer, facility fees, assisted hatching and embryo cryopreservation. The limits of a cycle are defined as beginning with monitoring and ending with embryo transfer.

Costs are associated with fertility work-up/checklist, diagnostic blood work and ultrasound, sonohysterogram or HSG, surgery, outside monitoring, Microfluids, Embryo Glue or medical treatment associated with a pregnancy or an unsuccessful cycle (treatment for miscarriage, ectopic or biochemical pregnancy) are not included. Costs associated with oocyte, or sperm cryopreservation, TESA/MESA, cycle medications, PGT-A/PGT-M/PGT-SR (formerly PGD/PGS) & storage expenses are also not included.

All participants in any Possibility Plan must sign a Possibility Plan Case Rate Waiver.

Imagine the possibilities...

Note: Prices subject to change.
The Center reserves right to end
program at any time.
