

Possibility Plan for New Patient Limited Consult

Access to the care you need.

If you do not have insurance or have insurance but lack coverage for the diagnosis of infertility services and are concerned about the cost of the initial patient consult, The Center for Advanced Reproductive Services has developed a New Patient Limited Consult Only Case Rate. This Case Rate includes an in depth consultative session with one of our board certified reproductive endocrinologist. No testing is included. Eligibility for this Case Rate is determined when our financial counselor verifies benefits with your insurance plan and it is determined that you do not have coverage for the services included in the Case Rate.

Do I Qualify?

To qualify for non-IVF Possibility Programs, patients must not have insurance; have insurance but lack infertility coverage; and have a household income (single or couple) of less than \$175,001.

All participants in any Possibility Plan must sign Possibility Plan Case Rate Waiver. All blood work must be drawn in Farmington, Hartford or Branford locations.

If within six months after this consultation you decide you would like to move forward with a New Patient Assessment the amount paid for the New Patient Consult only can be put toward a “buy up” to the New Patient Full Assessment Case Rate

The \$320 Case Rate includes a complete review of your medical history and discussion with the physician.

Imagine the possibilities...

Note: Prices subject to change.
The Center reserves right to end
program at any time.
